

 Home Made
HAPPINESS
benefiting young survivors of homelessness

Annual Concert Gala | March 26, 2023
UT Etter-Harbin Alumni Center

Help create a world where young adults and families who are at risk of homelessness reach their full potential as healthy, happy, and self-sufficient adults who give back to their communities.

The Step Onward Foundation aids children and young adults at-risk of being or becoming homeless due to financial burdens, family hardships, or aging out of foster care programs. We offer support that families typically provide during this critical period in a young person's life. This includes funds for higher education, housing, health care, mentorship, and other crucial necessities for their success.

Each young adult we support demonstrates a commitment to becoming a self-sustaining, contributive member of their community.
